

# METAL DONE RIGHT.

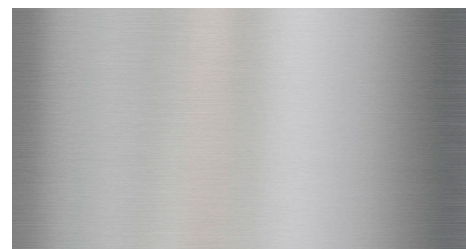

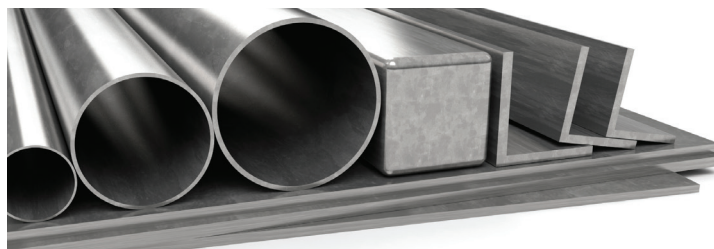

## METALS • FABRICATION • SERVICE

Handy Metal Mart, founded in 1965, is known as one of San Diego's largest and most trustworthy names for retail and wholesale prime metal needs. We pride ourselves on being able to provide excellent customer care, top-notch fabricating services, the highest quality metals and competitive pricing. Our 65,000 sq. ft. warehouse is conveniently located just miles south of downtown San Diego.

## OUR METAL SUPPLY

At Handy Metal Mart, we carry a large inventory of steel, aluminum, stainless steel, and secondary (used) metals in many shapes, sizes, and lengths with the fabricating capabilities to deliver what you need. Whether you are with a large firm, small business owner, local art enthusiast or do-it-yourself homeowner, we give each customer the same exceptional service. We offer our metals in the following:

- |                 |                         |                      |
|-----------------|-------------------------|----------------------|

# SUPERIOR SERVICE.

## PROFESSIONAL FABRICATING SERVICES

We are proud to offer full-service fabricating capabilities by skilled and experienced metal craftsmen. We can take stock material and fabricate the parts you need to complete your project. We offer fast, friendly service, and some jobs can even be completed while you wait. Our metal craftsmen always work with utmost care and precision, on every project:

- Welding
- Bending
- Drilling
- Shearing
- Hole Punching
- Plasma Cutting

## CUSTOMER-ORIENTED SOLUTIONS

We offer a variety of services and solutions to many customer types. Operating as a customer-oriented business, we strive to give all customers fast and friendly service at competitive prices.

- Same day delivery & pick-up in Will-Call
- On-site, same day, fabrication services
- Acceptance of most major credit cards
- Experienced contractor on-site for design review
- We offer to source out "hard to find items"

Our sister-company, **IMS Recycling**, will come pick up your metal scraps when you complete your project for a full-circle service!
